## Vaught Heads L.G. Chamber

Robert Vaught, operator of the L.G. Camera shop, was elected president Tuesday of the L.G. chamber of commerce. He succeeds Charles Hesser, L.G. real estate broker.

Vaught was one of six new directors elected to the chamber office late last month. Others include Robert Dryden, A. E. Bob Howell, Charles Montgomery, Earl Smart and Hank Templeton. Directors serve terms of three years.

At the Tuesday meeting Marder was elected vice president. Robert Dryden was elected secretary and Sam Pernicano re-elected treasurer.

An installation dinner was tentatively set for May 19. Two new members were approved and a bank balance of \$1,427.70 was noted.

Retiring President Hesser reported on street improvement in the L.G. area that was approved by the county road dept.

It was also announced that the chamber had sponsored a "weather station" at the L.G. fire station. A rain gauge and a high-low thermometer, contributed by A. F. (Tony) Sonka is being installed. It will be operated by members of the fire department.

## POLIO SHOOT FOR GOLDEN AVENUE

The second in the series of Golden Avenue school polio shots will be in room 6 Wednesday, it was announced by the Golden Avenue PTA.

# School Election Here Friday To Fill-in Program Shortages

## Polling Places Open At Six Schools 7 a.m. - 7 p.m.

Residents of the L.G. Elementary school district will decide Tuesday at the polls the fate of several school programs.

The programs are geared to an override election which would give school trustees five years of permissive authority to increase maximum tax rate from \$1.65 to \$1.98 of assessed valuation. A simple majority of "yes" votes is needed but school officials admit the successful passage of the issue is touch-and-go, "but only because the county has hit a momentary flat spot in its economy," said Byron Netzeley, superintendent of the district.

Netzeley pointed out that many economies had been made during the past years to avert an override boost, but federal funds (impact money) has not been increased; state funds have decreased \$20 a child, and heavier educational programs have been urged by the state.

Approval of the issue would cost taxpayers about \$1 a month per family if the full limits were used. The money would be used to replace some items removed from the budget last year as the board attempted to operate as spartan a program as possible. Among the categories are services, supplies, personnel, equipment, and salary increases where necessary to keep schedules in line with other districts.

Election hours are 7 a.m. to 7 p.m. Tuesday. Polling places are the following schools:

Vista La Mesa  
San Miguel  
San Altos  
Monterey Heights  
Palm Junior High  
Lemon Grove Junior High  
Official summary of the issue involved is listed as: "... to provide and maintain an adequate educational program."

## 'GROW-GETTERS' ORGANIZE

## Firms Here To Revitalize Local Business Economy

A program designed to put muscle back into the body of Lemon Grove business economy is off and running here.

Approximately 50 business firms in a series of meetings initiated by this newspaper, voted to make Earl Warren, operator of Warren's Maple Shop, president; to call itself the Lemon Grove Grow-Getters, and to develop a continuing program of promotions.

The Grow-Getters chose the Hadley Advertising Agency of L.G. to prepare a program for the group to follow. Meetings are held each Thursday at 8:30 a.m. at Michael's.

When business sloughed off here and throughout the rest of the county after S.D. Mayor Dail and Gov. Pat Brown held

a "panic" meeting on employment problems in the county, the publisher of this newspaper instituted the first of several meetings to ascertain what the L.G. business community could do to re-attract shoppers.

As the fifth of the continuing series of meetings was held last week, the size and energy of the group had grown to the point where definite action could be taken.

Warren, as he assumed the presidency, said that there was enough population and enough economic power to make the L.G. retail service and professional community "as strong as any in the county." He pointed out that local residents preferred to shop in their home community. "We are going to

## LG Street Improvement Listed By Supt. Bird

Three street improvements are scheduled to begin in Lemon Grove soon, it has been announced by Supervisor Dave Bird. The improvements are all part of a project which is being supported by residents on the roads and the County of San Diego, Bird said.

Longest stretch of road or street to be affected, Bird said, is Canto dr., which will be surfaced in a 40-foot width from Watwood road in the west to

Skyline dr. in the east. In some areas, where owners have paid the difference between asphalt and concrete, concrete curbs will be installed.

The improvement, which has become necessary because of increased traffic, also will include construction of adequate drainage facilities.

Other streets which will be improved include Waite dr. between Massachusetts ave. and Murray Hill road (with concrete curbs), and Broadway between Kempt st. and a point approximately 2 of a mile east of Sweetwater rd., a four-lane roadway to accommodate increased traffic.

## Juveniles Confess Long Series Of Local Burglaries

Eight local boys were listed this week by the sheriff's department as being members of a gang believed guilty of perpetrating a long series of petty thefts, burglaries and car thefts dating back to 1959.

The boys confessed they had prowled at least 10 garages and stolen or ransacked at least 50 cars in the Spring Valley area. They would push the cars over a bank or into a ditch after they finished using them.

The apparent solution to many thefts was brought to light by Deputy Sheriff Claude Smith of Lemon Grove, after many months of investigation, by members of the department. He had a list of at least 14 victims of the youthful gang.

Listed as gang members were: Robert Allen Larson, 16; Jay Timothy Lyon, 15; Jack Hoobler, 16; Harold Wesley Schmidt, 16; Lawrence Wayne Lux, 16; Kenneth Roy Larson, 15; Mark Lyon, and Ronald Lee Jones, 15.

The boys were in the custody of San Diego County Juvenile Probation Department.

## STAMP CLUB MEETING

## College-High School Issues Ordered For June 5 Ballot

The Grossmont high school-junior college board of trustees agreed on getting several issues on the ballot on June 5.

The group met first as the high school board and took formal action on putting a bond issue of \$1,800,000 on the June 5 ballot. Proceeds will be used for a new high school in Santee needed to relieve the overload at El Capitan. District Supt. Lewis Smith said the issue would have no effect on the tax rate.

The board then sat as the junior college board and agreed to request the County Board of Supervisors to consolidate the junior college bond issues with the June 5 primary election.

The board voted 4-1 to present a \$7,500,000 bond proposal for purchase of property in Fletcher Hills, and for building the college campus for 2,500 students.

A separate bond issue for \$500,000 to purchase a future site on the Monte Vista Ranch east of Casa de Oro will also be on the ballot. Total cost of both college proposals will cost

the average home owner \$5.63 a year for 20 years.

"Failure to approve this bond issue will mean that these facilities will be paid for by taxpayers in this district and constructed in other districts," said Smith. Smith explained that based upon an average of 2,500 students a year district taxpayers would be obligated to pay a \$300 property use fee to neighboring junior college districts in the event facilities are not provided locally which would amount to \$15,000,000 over the 20 year period.

Currently the district is paying tuition costs plus \$300 for students enrolled in technical-vocational programs at San Diego City College and \$80 plus tuition costs for other courses. The reduction of the property use fee to \$60 is a temporary agreement based upon an understanding that this district will build its own facilities.

The Board also approved unanimously a notice requesting the registrar of voters to conduct the election and to send out notices of the election to all registered voters in the district.

## The School Tax Override Issue

Tuesday, voters of Lemon Grove will be asked to vote on a measure which holds the key to the immediate future of Lemon Grove schools and the children who attend them. On April 10, polls will open at 7 a.m. When they close twelve hours later, the decision will have been made.

The issue is whether the residents of this community are willing to assume more local financial responsibility for the operation of their eighth elementary schools. A tax rate now set at \$1.65 has proved inadequate for the operation which educates over 4,000 boys and girls. Members of the school board voted unanimously to ask the community to raise this tax to \$1.98 per \$100 per assessed valuation to help provide an adequate program. By law, a simple majority determines the election.

The proposed increase, which would cost the average homeowner only about a dollar a month, will not provide additional funds in great abundance. It will, however, furnish enough money to continue the kind of educational program the citizens have demanded here in the past, help meet rising costs, assist in the district's paying adequate salaries to retain fine teachers, and assure money for new programs which state law demands.

Last year, faced with increased costs in all phases of the program and with decreased funds, as a result of lessening State support, school board members cut the budget to the minimum. Even further reductions would be necessary in 1962-63 if no more support is received. Realizing that these economies, (Continued on Page 3)

## MAN TAKES BAG CONTAINING \$2,038 FROM L.G. MARKET

A thief walked into a back room of the Best Buy Market, 7825 Broadway, Lemon Grove, Sunday, picked up the bank bag containing \$2,038 in checks and cash, paid for a small purchase and left. Cash amounted to \$378.

The suspect, wearing a blue suit with a flower in the lapel apparently entered the store through the back door and loit-

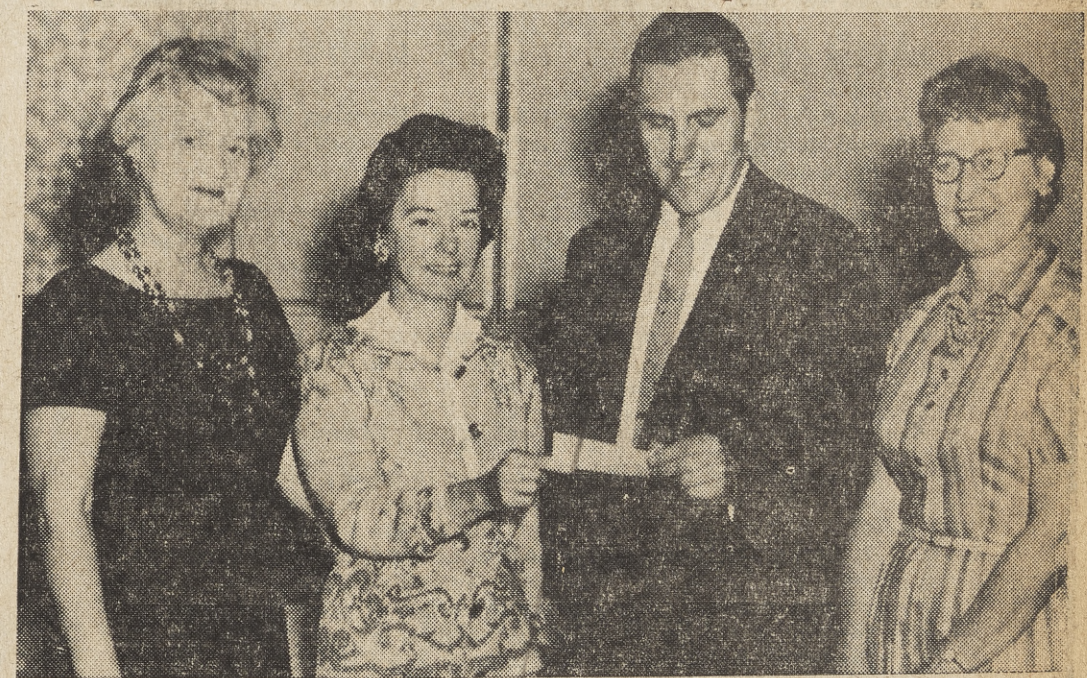

ered near the room in which Mrs. Melvin J. Little, wife of one of the owners of the store, was preparing the money for a deposit. Mrs. Little left the room momentarily to aid a customer.

Mrs. Little called to her husband in the front of the store when the loss was discovered. Mr. Little chased the culprit

but he had already driven east on Golden ave. A partial description of the car and license number was obtained, however. The suspect was described as 30 to 40 years old, 5 feet 6 and weighing 165.

The firm is insured for robbery loss but normally such insurance does not cover loss by theft. Partner with Little in the market is A. W. Childs.

## Soroptimists Contribute Money To Student Loan Fund

**\$180 PRESENTED** — The Lemon Grove Soroptimists presented a check for \$180 to the Grossmont college student loan fund at the group's March 28 noon luncheon meeting at El Morocco in Lemon Grove. meeting of the Soroptimists, accepted the check. Shown with him in photo are (left to right) Mrs. Esther Jobe, co-chairman of the rummage, Mrs. Arlene Wilson, Soroptimist president and Mrs. Jim Woody, also co-chairman of the rummage.

## Around Here

By Pat McGehee

### SAN DIEGO MAY HAVE A DRY CLIMATE BUT GROVANS CAN SPEAK FOR THEMSELVES

An interesting thing has turned up about Lemon Grove weather. Realtor Jim Pearce said that he's kept a rain gauge for years and he reports the following:

So far this weather year the Grove has received 12.3 inches of rainfall. San Diego at Lindbergh Field has gotten 8.9. According to our chamber of commerce manager, Ed Koester, people around here have taken it for granted that San Diego's rainfall reading applied to the Grove.

Koester said his chamber of commerce brochures have contained San Diego's reading. These brochures are sent to people in all parts of the country who write and request them.

Now Koester will put Pearce's rainfall reading in the brochures. He feels this will be an asset to Lemon Grove, which usually has been ranked climate-wise with dry San Diego. Koester found out with certainty about our greater rainfall only lately. He's pondering what other advantages our 3.4 inch edge over San Diego will have.

### TOO MUCH OR TOO LITTLE

"There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper, and the people who consider price only are this man's lawful prey. It's unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money — that is all. When you pay too little, you sometimes lose everything, because the thing you bought is incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot . . . IT CAN'T BE DONE."

Dan Thomas, candidate for the 37th Congressional District has come out strongly for an investigation into the death of Newton Armstrong Jr., who was found hanged in his home in Coronado a few days ago.

"Moral decency demands a full and complete investigation into the reason for his being silenced."

"The intimidation of any American who takes a stand on an issue today is appalling. If this young man was silenced for his consistent ideology and authorization of the magazine EVOLVE where will this intervention stop?"

Ed's Note—Evolve is a pro-American anti-communist

increased and continued, can ultimately jeopardize basic elementary education, the school board is calling upon local citizens for support.

The proposed rate would place Lemon Grove fairly well in line with that levied in neighboring districts. The funds would permit the schools to offer programs that would not suffer from comparison. It would also assure Lemon Grove youth a full, excellent training in the basic subjects, a training upon which all future learning is dependent.

## View From Capitol Hill

Your U. S. Representative, James B. Utt, a Republican, often produces a hard-hitting news letter from Washington, sent us one this week that was as frightening as it was logical. Congressman Utt is noted for his forthright appraisal of national programs regardless of party. His most recent letter is reproduced in its entirety:

"It was most encouraging a few weeks ago to see a little courage creeping back into a sagging profile in the White House when the President took a firm stand, in a nationwide television address, to tell the American people that atmospheric atomic tests would be resumed in April if the Soviet Union did not permit FULL inspection to prevent a recurrence of the fifty atmospheric tests made by Russia last year.

"As in the past, the blood is slowly draining from that courageous stand and the profile is again sagging. I presume this was to be expected. After the fatal fiasco of the Cuban invasion of April 17, 1961, the President made an outstanding broadcast to the nation assuring us that we would not desert the Cuban people, but nothing was done, with the exception of a few superficial economic embargoes. During the last eleven months, we have witnessed the rise of Soviet military power in Cuba to a point where it is second only to that of the United States in the Western Hemisphere. We have witnessed the installation of military airfields in Cuba, the delivery of an unknown amount of Soviet fighting planes and pilots, the erection of missile bases, and the delivery of intercontinental ballistic missiles to Cuba. The trial of the 1200 captured invaders starts this week, and will end in mass murder. The U. S. was wholly responsible for their capture, and for failure to deliver the Cuban people from their communist butchers.

"The President made a valiant address on the Berlin crisis and then permitted a wall to be built dividing that city. We witnessed the same backdown in Laos, and our State Department forced them to make a communist coalition.

"The Administration is supporting the UN action in the Congo, which has for its single purpose the delivery of the Congo to the communists. The UN troops, with full acquiescence of the Administration, committed murder, rape and unbelievable atrocities against the Katangese civilians, men, women and children. They bombed and destroyed residences, business establishments, and industries which had no military significance. The UN, supported by the Administration, has permitted raids based in the Central Congolese province upon the men, women, and children in the adjoining province of Angola, a Portuguese colony, and excuses these murderous raids on the grounds that Portugal should not have a colony in Africa, even though it is one of the best governed areas of that continent. I have a booklet of pictures and statements by those who escaped these raids, which I will be glad to send to anyone requesting it, but you should have a strong stomach before you look at them.

"Now the Administration is asking the taxpayers of this country to pay the cost of conducting an unholy war, not against the communist Central government of Congo, but against the pro-Christian, pro-Western province of Katanga. It would be much better to pay the Katangese reparations for these murders and this destruction, and pray that a gracious Father in heaven will forgive us.

"Returning now to the second paragraph, where I stated that the blood was seeping away from the profile, as each day goes by, the President has indicated that he will not demand inspection of Russian activities in their preparations for further atmospheric testing, saying that these tests can be monitored. Of course, they could be monitored after the fact, but not before, and while we continue to refuse to improve our atomic armaments, Russia is free to move ahead in that area, and will soon surpass us. Krishna Menon, that great hero from India, who makes no attempt to hide his hate for this country, and who supported the military aggression against Goa, is telling our President that atmospheric tests are not necessary and that we should not demand open inspection of these activities conducted by the Soviet Union. The President is under extreme pressure, not from the American public, but from his "kitchen" cabinet, most of whom are members of the ADA; whose doctrine is, "better red than dead," who believe that Red China should be admitted to the United Nations, to the exclusion of Free China; who believe that we should encourage an unlimited trade with the communist bloc; and who believe that we should surrender our sovereignty to some form of world government. The ADA claims that they were responsible for electing the President, and it may be so, because no less than 30 leading members of the ADA now hold key posts in the government, and we should not expect the President to resist this powerful left-wing outfit, even though he personally would like to. I don't blame him for leaving the White House about 30% of the time to get away from this influence.

"The outlines of American policy under the Kennedy regime are thus becoming frighteningly clear: We destroy those who would help us, and help those who would destroy us."

suggests

Desserts can make a family mealtime exciting, especially when it is something tasty and different. Of course every family has its favorite but I suggest you try something different... like a German Chocolate Pie.

Such unusual desserts will be covered in my cooking school this month, entitled "All About Desserts." It will be presented Tuesday, April 10 from 12:30 to 2:00 p.m., and again Tuesday, April 24 from 10:00 to 11:30 a.m. in the comfortable auditorium of San Diego Gas & Electric Company's Eastern District Office, at 104 North Johnson Street in El Cajon.

We will prepare many desserts including some I'm sure you will find new. We'll bake several different types of cakes and pies and will show you special tricks that can save you time in dessert preparation. Also, we'll make refrigerator cookies and review how to make ice cream in the freezing compartment.

So feel welcome to join us this month and learn "All About Desserts." There will be free door prizes, and of course admission is free.

## Ex-Owner Of Food Store Chain Takes Over Market In C d' O

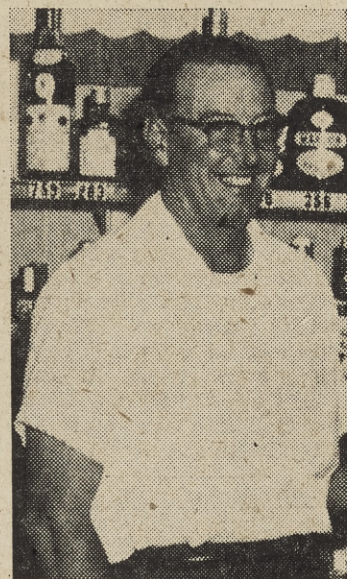

Willett

Foster Willett, former owner of the Food King Market chain recently took over Stan's Market at 9935 Campo rd., changing the name of it to "Foster's Market."

Veteran groceryman Willett said he is striving to offer the public good service and a complete stock of meats, produce and groceries. "I've always liked this area," Willett said. "And I like the progressive spirit of the other businessmen here in Casa de Oro."

Stan Totten, former owner of the market is operating the liquor section of the store.

Totten

Totten, who is a fire commissioner, is well-known locally.

Most recently Willett ran Brooks Food Center in Chula Vista and managed Buy And Save Market in El Cajon. A native of Maryland, he has been a groceryman and lived in the county for 25 years. He said he will move within six months to Casa de Oro with his wife, Geneva and four children.

With the change in ownership, the business got a new paint job of yellow and aqua outside. And a reach-in beer unit was added to Totten's liquor section.

## Kerfoot Retires From Road Department

Bennett W. J. Kerfoot of 3003 Olive st., Lemon Grove received a watch from the County Road Department when he retired last Friday after 27 years of service.

It was presented to Kerfoot by his boss, Superintendent Edward Singer during a retirement party held by fellow employees at the county "barn" at 7410 Waite dr., Lemon Grove.

"Kerfoot was a first class worker and very dependable," said Singer. "We're going to miss him," Supt. Singer said.

Kerfoot worked as a power equipment operator. A Lemon Grove resident for 52 years, Kerfoot has no retirement plans that will take him away from here for long. He will attend the Seattle World's Fair in June and take fishing and camping trips into the High Sierras.

Kerfoot is in the Lemon Grove VFW and the Retired Officers Assn., an organization to which veteran officers from all branches of the service belong.

When Kerfoot came to Lemon Grove 52 years ago, he found a community, he said, of lemon and orange groves with a population of about 200. The Main and Pacific intersection was the center of town and

there were only five or six automobiles, and horses everywhere, Kerfoot said.

Kerfoot lives with his wife, Lois. They have a son living in Tucson.

## SPIRITUAL THOUGHTS DISPEL IDLENESS, APATHY SAYS SERMON

The power of spiritual thoughts to dispel apathy and idleness will be brought out in the Lesson - Sermon entitled "Unreality" in all Christian Science churches on Sunday.

Bible citations from the sermon will include these verses from Proverbs (6:9-11), "How long wilt thou sleep, O sluggard? when wilt thou arise out of thy sleep? Yet a little sleep, a little folding of the hands in sleep: So shall thy poverty come as one that travelleth, and thy want as an armed man."

In a correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy states, "If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified. If at present satisfied with wrong doing, we must learn to loathe it. If at present content with idleness, we must become dissatisfied with it" (p. 240).

"Heaven on Earth" will be the subject of a Christian Science program to be given on KNX radio "Church of the Air" series on Sun., April 8 at 8:05 a.m. over Radio Station KNX (1070 kc).

# INVEST IN THEIR FUTURE VOTE "YES" FOR SCHOOLS

TUESDAY, APRIL 10, 1962

These second graders at Mount Vernon School are just four of more than 4000 boys and girls in Lemon Grove's elementary classes. Pictured here from left to right are Annette Powers, Terry Reinbold, Jeff Gregoire, and Michelle Cremer enjoying a reading lesson with their teacher, Miss Ruth Bond. Still too young to realize how important good schools are to their futures, the children in this community rely upon the voters to provide adequate learning facilities. Six more years of elementary training lie ahead for these second grade students. A "Yes" vote Tuesday assures them a quality education.

## THEY'RE COUNTING ON YOU

America's future depends upon today's classrooms. Here in Lemon Grove the community shares a responsibility with all other citizens to help ensure our country's leadership. A high quality elementary education, the foundation of all future learning, is essential to development of both youth and nation.

In this year 1962, survival of our precious heritage depends upon the kind of citizens we train for 1972 and 1982 and 1992. By increasing local financial support of schools, we can guarantee Lemon Grove's children the background they need and deserve.
